

ALIGNED MONITORING *and* EVALUATION FRAMEWORK FOR LANDSCAPE FINANCING

The Forest Positive Coalition (Consumer Goods Forum) and the Farmer First Clusters (Soft Commodities Forum) partner for aligned landscape financing metrics

CGF FOREST POSITIVE COALITION INDICATOR

FARMER FIRST CLUSTERS INDICATOR

Theme

Forest and Natural Ecosystems

Conservation

Hectares of natural ecosystem conserved

Hectares protected native vegetation & hectares surplus legal reserve

Restoration

Hectares of natural ecosystems under restoration

Area restored by the project

Avoided deforestation & reduction in conversion

Hectares and % reduction in conversion

Potential avoided deforestation

Production Indicators

Productivity

Increase in productivity (yield/ ha) of target crop(s)

Tons per hectare of soy produced on participating farms

Farmer benefits & income

Number of farmers realizing additional benefits and income streams

Changes in quality of life and producer satisfaction level

Additional priority thematic areas for consideration in 2023 include: **CO2 Emissions • Land Tenure • Livelihoods • Multi-stakeholder Partnerships**
